

No.2 Additional Rulings

**December 11, 2010
Cancun, Quintana Roo, Mexico**

The Organizing Committee for ParMun currently consists of the following individuals:

Francisco Plancarte, Mexico
Rasmus Tenbergen, Germany
Rob Wheeler, United States
Reynaldo Vela, Mexico
Bob French, Canada
Luis Sanchez Mondragon, Mexico

We also intend to invite the following individuals to serve on the initial Organizing Committee:

Liliane Metz Krencker, France
Tahar Hou Hou, Algeria
Shahriar Sharei, Iran/United States

Once a delegate has reached 1000 certified signatures they will be eligible to be certified as a Peoples Delegate in ParMun and as potential members of the Citizens World Parliament.

A web section will be developed on the ParMun website where videos of the Certification Ceremonies can and will be posted.

A place will be developed on the ParMun website where registered candidates can post a short biography, a statement of candidacy, and a limited number of concise papers. A candidate can also post up to a 10 minute video which can be produced for no more than a standard or regular cost.

Collection of signatures should be done in person or through the use of the internet. The campaign to get signatures should be a voluntary effort and not a monetary campaign.

Once 150 Peoples Delegates have become certified they may call and participate in a provisional convention of People's Delegates as a demonstration of our progress towards developing and establishing the World Parliament.

ParMun will develop a listing of all of the supporters who will be asked, along with the People's Delegates, to: vote in the Vote World Parliament Referendum, post the portable ballot on appropriate websites; and participate in the World Parliament Experiment and/or any sessions of the Model World Parliament if they are interested.

A ParMun eNewsletter will be published when we reach 25 provisional delegates with 150 signatures of supporters.
